Subject: Daysheets

Mike & Mike,

As you may have heard, Park 6 has gotten their liquor license reinstated for the next 60 days. In response, I would like to dedicate 4 officers on Friday and Saturday nights to beat/heavy patrols to monitor any problems, and to take enforcement action. I have made some adjustments to the daysheets, but only for the spots. I would like each of you to review the daysheets and adjust your personnel as you see fit. I would ask that the officers you select provide high visibility and high proactivity (strict enforcement). I will talk to you guys more before Friday's bar time.

Thanks,

Mace
